**BABY BRAINS-**

# Baby Brains

2 MONTHS

Singing to your baby while holding, rocking and cuddling him reinforces the rhythm of language. Share nursery rhymes you recall, and add new ones to your "repertoire." Your baby's coos and gurgles will be their response to your singing.

Next time you stop in the library check out the poster in the kids section with more developmental milestones.

## MEET...

MEET CHRISTINE ROWELL

Christine is the newest face to the library.

"I've always wanted to work in a library, and so far pros include being among books all the time, and cons include a to-read list that is growing far too long. My favorite author is J.R.R. Tolkien, and I love historical mysteries and Star Wars novels (check OverDrive or Hoopla for these!)."

She moved to the frigid northern climes from sunny Florida, and is grateful for new experiences such as "fall" and "winter"—perfect seasons to enjoy a cup of tea and a good book!

## Can't Find the Large Print Books Anymore?

After much deliberation, we've decided to interfile the large print books with the regular print books. This helps with the many series we have so you can find all the books to one series in the same place instead of having to hunt them down in either large print or regular print. This is also beneficial to have all same author together like Patterson, Grisham, or Steel. You'll still be able to tell which books are large print by the LP sticker on the spine. Just ask a librarian if you can't find your favorite.

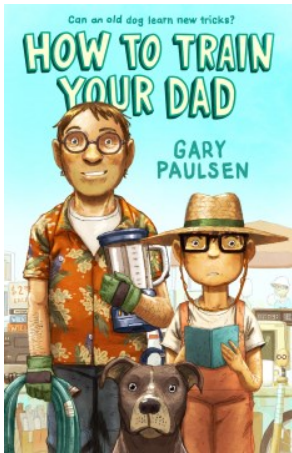

## STAFF PICKS/NEW BOOKS

### [The Little Mermaid](#)

by Jerry Pinkney

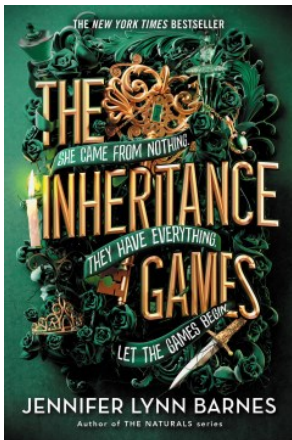

In this reinvention of Hans Christian Andersen's classic tale, a little mermaid trades her voice for legs and makes a new friend on land, but must return to the sea to save her family.

### [How to Train Your Dad](#)

by Gary Paulsen

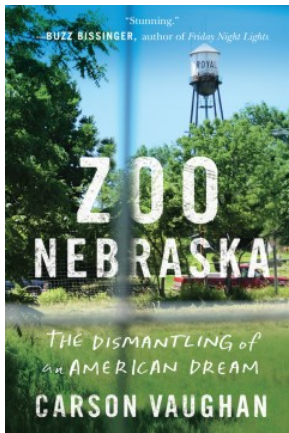

Tired of his dad's single-minded pursuit of an off-the-grid existence, 12-year-old Carl adopts the principles set forth in a randomly discovered puppy-training pamphlet to "retrain" his dad's mindset—with unintended consequences.

### [The Inheritance Games](#)

by Jennifer Barnes

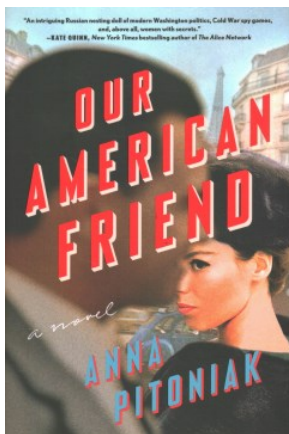

When a Connecticut teenager inherits vast wealth and an eccentric estate from the richest man in Texas, she must also live with his surviving family and solve a series of puzzles to discover how she earned her inheritance.

## [Zoo Nebraska: The Dismantling of an American Dream](#)

by Carson Vaughan

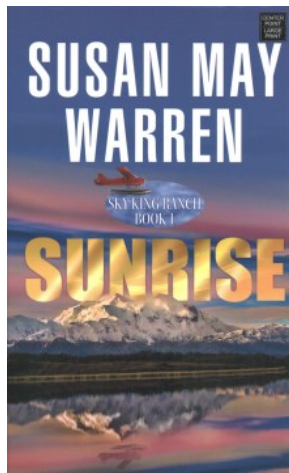

Royal, Nebraska, population eighty-one—where the church, high school, and post office each stand abandoned, monuments to a Great Plains town that never flourished. But for nearly twenty years, they had a zoo, seven acres that rose from local peculiarity to key tourist attraction to devastating tragedy. And it all began with one man's outsize vision. When Dick Haskin's plans to assist primatologist Dian Fossey in Rwanda were cut short by her murder, Dick's devotion to primates didn't die with her. He returned to his hometown with Reuben, an adolescent chimp, in the bed of a pickup truck and transformed a trailer home into the Midwest Primate Center. As the tourist trade multiplied, so did the inhabitants of what would become Zoo Nebraska, the unlikeliest boon to Royal's economy in generations and, eventually, the source of a power struggle that would lead to the tragic implosion of Dick Haskin's dream

## [Our American friend: A Novel](#)

by Anna Pitoniak

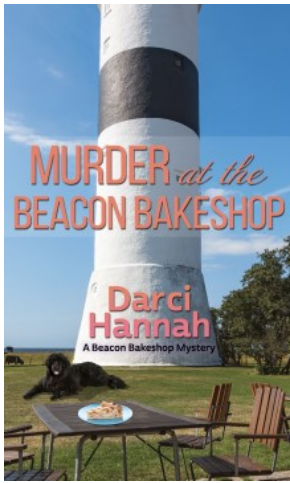

When mysterious First Lady Lara Caine asks her to write her official biography, former White House correspondent Sofie Morse is wary when Lara starts sharing sensitive information, which draws her into a game of cat-and-mouse with explosive consequences.

## [Sunrise](#)

by Susan May Warren

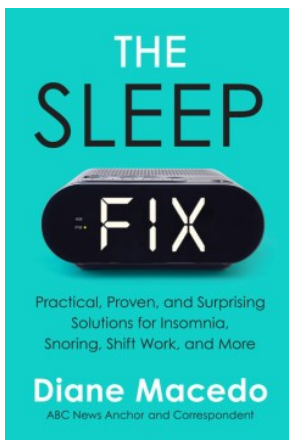

A decade after leaving his family's bush pilot operation to become a Pararescue Jumper, Dodge Kingston is back home in Alaska. He hadn't counted on meeting up again with Echo, a girl with a spirit as free as the sky. When she goes missing, he hopes all her skills will keep her safe until he can reach her—and that she'll accept his help when he does.  
(Large Print)

## [Murder at the Beacon Bakeshop](#)

by Darci Hannah

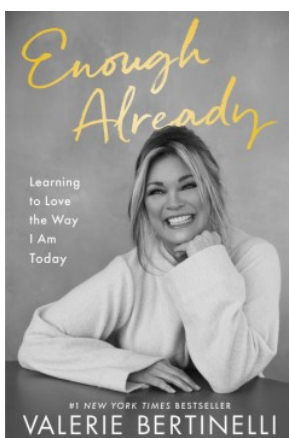

More interested in kneading dough than adding it up, Lindsey's breakup inspired her to set up the shop she always wanted in a place that always made her happy. She'd spent many childhood summers near this beach community and converting the old run-down lighthouse into a bakery café and home offers a perfect fresh start for Lindsey and her devoted Newfoundland dog, Wellington. But not everyone in town has a sweet tooth. The preservation society won't have the lighthouse's history sugar coated by lattes and cakes--and a protest group crashes Lindsey's Memorial Day opening. Then her ex-fiancé Jeffrey Plank and his girlfriend Mia Wong arrive to trash the place. In the ensuing chaos Mia chokes on a donut and dies. An autopsy reveals cyanide in Mia's bloodstream and Lindsey is the police's prime suspect. To clear her name, she's going to need to combine ingredients found in the town's checkered past to uncover the identity of a desperate killer... (Large Print)
